Making jobs **possible**

MJP Employment Services is here to help

We provide advice to access the **Work Assist Program**.

The Work Assist Program is designed for eligible employees who have difficulty fulfilling the essential requirements of their jobs due to their injury, disability or health condition.

MJP Employment Services will work with the current worker and/or their employer to provide supports to maximise the chance of the worker maintaining their job.

It can be at any industry and any type of job.

Our goal is to help make secure jobs for people with learning and psychosocial needs.

How does the program work?

Solutions

We learn about the needs of each party and find creative solutions

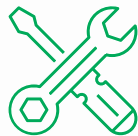

No Cost

The Work Assist program is federally funded (no cost)

Support

We provide an onsite or offsite support worker

Tools

Government funded assistance tools to assist with learning

Negotiation

Negotiating to help make the job suitable for both employer and employee

Our aim is to create long lasting, **sustainable employment** for people with **special needs** whilst breaking down the stigmas associated with learning and mental health needs.
